# COBRA ATF

## Automatic Transmission Fluid

### Features and Benefits

- Excellent resistance to foam formation
- Superior anti-wear / corrosion protection
- Superior friction performance
- Great oxidation resistance

**Cobra ATF** is a specially formulated product for use in automatic transmissions manufactured in 2005 and earlier for General Motors, Ford, and Chrysler vehicles.

**Cobra ATF** meets the requirements of Allison C-4 and can be used in Ford model C-6 automatic transmissions built on or after 1977.

**Cobra ATF** can also be used in some power steering, hydrostatic systems, hydraulic system and power-shift transmissions where this type of oil is recommended.
